"Both men and women sprang from monkeys, but the women sprang farther than the men."

Same way with furniture.

All furniture sprang from wood (after the Stone Age) but some gets farther than others from mere WOOD.

Furniture is considered at Hooker's from the standpoint of adaptability, and this embraces not only its fibre, grain, structure and composition, but its style, finish and color.

Appropriate furniture for every spot in the house.

Our Service is at YOUR service.

We have been training and studying the "usefulness" of furniture for 25 years. It will be worth your while to use this knowledge when ready to make your home more attractive.

## A Big Three Days' Coat Sale!

More and more the word SERVICE is becoming the trademark of the business world. It is taking the place of the "profits" in the thoughts of big men.

The formula has become, SERVICE first, profits afterwards. The big essential of Service is need. The best for one's money is not all,—SERVICE which comes voluntarily because it is possible.

While in New York the past week, we were able to get hold of some extra Coat values. These we were able to pick from a large variety of styles, from a number of the best coat houses. Here are Coats that are the best values of the season, at from 15 to 25 per cent. less than the regular price. And were we to duplicate these, we would have to add much more than that to the present price. See these values if you want the season's best models in Coats.

### Ladies' Silk and Cotton Waists

While in the market, we were able to pick up some exceptional values in Ladies' Silk Waists that will go very quickly. These are Waists in Crepe de Chine, that we are selling at the old price.

At \$2.50 is a very good Crepe Waist value. Is made in a plain tailored style, and the quality is very good.

A special value which we think is extra good in quality is shown in a variety of styles that are new. These are an extra good value at only \$3.50 each.

In the better grades, at from \$4.50 to \$7.00 each, we can give you some Sample Waists in the Georgette Crepe and Crepe de Chine; colors, White and Flesh.

If you want a good Muslin Waist, see our new Muslin and Voile Waists at \$2.00.

Our special Fern Waist at \$1.00 each is making friends for us every day. These are Waists that compare with those that sell at one-half more in other makes.

We have a good Flannel Waist that comes in a Gray Stripe, which sells at \$1.00 each.

### Here Are Some Unusual Coat Values

Coats That We Cannot Duplicate This Season

Here is a chance to pick from a stock of four hundred and fifty of the season's best Coats—Coats that are made in the latest style models, from all of the popular cloths—Coats at unusual prices.

We were able to pick from twenty different stocks what we considered the best styles and values. These we are putting on sale for Monday, Tuesday and Wednesday, October 23, 24 and 25, at prices that are a saving proposition to you.

Here are Coats that we are putting into this sale at \$14.00; are made in a variety of different cloths, in styles that were made to sell at \$16.50 and \$15.00.

At \$15.00 are about fifty Coats in different cloths and styles, all colors. These are Coats that are the season's best values at \$18.00. We were able to clean up this lot at a price: this is when a service means a good saving to you.

At \$18.00 are about thirty-five Coats of the season's best cloths and styles—Coats that were made to sell at \$20.00 and Coats that we could not reorder at a fourth more than the regular price to-day.

At \$20.00 each is a lot of odd Coats in a variety of the season's best cloths and styles—Coats that are worth from \$22.50 to \$25.00. This sale at \$20.00.

This is a season when Suits should appeal to many as a good winter garment. Suits are made differently this season. The cloths are heavier, and then the coats are interlined with a good white flannel, which forms a dead-air space, giving extra warmth to the garment. The coats are good length with a full sweep to the skirt part. Skirts are made in a variety of very popular models. We have some unusually good Suit values in Blue, Brown, Black and Green. Prices from \$15.00 to \$60.00 each.

In one of the most attractive among the newer residences of the city, Mr. Eaton has reserved adequate space for his business interests and expects that in his new surroundings facilities for handling his constantly increasing volume of monumental business will be greatly improved. He is moving his household goods from his present residence on Hill street into the new building.

James T. Kenefick of Washington street is in receipt of a letter amplifying a report concerning the death of his cousin, John McGrath, which occurred in Boston Tuesday morning. Mr. McGrath will be remembered locally as one of the superintendents of brick work on the City hospital building and during his sojourn here he made many acquaintances. Details of his death were furnished by his wife, who was living in Boston while Mr. McGrath was employed on a building job there. Death was due to a fall which he received while working on a scaffolding Monday. He died next morning, never having recovered consciousness. Funeral services were held Friday morning and interment was in Boston.
